

OFFICIAL INVITATION

**AIR TRAFFIC CONTROLLERS IN MACEDONIA
World Controllers' Cup (WCC) 2022
7 to 12 November
Tenerife, Canary Island, SPAIN**

10 June, 2022

**TO: Mr. Vlatko Nakov
Macedonian Air Traffic Controllers' Association**

Dear Vlatko,

Since our inaugural football tournament in 2011, we have brought air traffic controllers from many different countries together onto the football field. Teams as diverse as Kazakhstan, Canada, Argentina, Mexico, Saudi Arabia or Trinidad and Tobago have competed in the annual World Football Cup for Air Traffic Controllers' and Pilots

We are very excited to announce that :
The **new edition of the WCC** will take place in **Tenerife from 7 to 12 November, 2022**

For information visit: <http://www.playthewcc.com>

Our mission remains the same *"to promote and develop social and professional relationships between air traffic controllers through sport"*. There is something special about bringing colleagues together from countries that are thousands of miles apart onto the same football field.

We wholeheartedly thank IFATCA and all the national air traffic controllers' associations for their continuous support, and above all the relentless fun spirit of our colleagues playing the WCC across the globe.

**It is our pleasure to invite our colleagues from MACEDONIA to play this year's edition in Tenerife, Spain.
We hope to see you in Spain representing your country. Come and join us for an incredible experience!**

Please do not hesitate to contact us should you require further information

Yours sincerely,

Allan Beattie
President of the World Controllers' Cup
